How Can We Help You?

In order to help us give you the best service possible, please list your most pressing concerns and/or problems:

About Our Organization Consumer Credit Counseling Service of San Francisco is a non-profit community service. As a member of the National Foundation for Credit Counseling, we adhere to quality standards that include accreditation, certification of counselors, audits and core policies to ensure quality service. We receive our funding from various sources, including grants and fees for specialized education projects. Most of our funding comes from voluntary contributions from creditors who participate in Debt Management Plans (DMP). DMPs are voluntary programs that serve the dual role of helping you repay your debts and helping creditors to receive the money owed to them. Since creditors have a financial interest in getting paid, most are willing to make a contribution to help fund our agency. The contributions are usually calculated as a percentage of payments you make through your DMP - up to fifteen percent (15%) of each payment received. However, your accounts with your creditors will be credited with one hundred percent (100%) of the amount you pay through us.

Income

Calculate your monthly income. If you know what your gross pay (before taxes and other deductions) is, please enter that. However, net pay (face value of your check) is the more important figure. Include variable income received each month, such as commissions, as well as periodic income, such as a large tax refund or bonus. This will have to be divided by 12 to get the monthly figure.

Expenses

Enter your monthly expenses below. Since many expenses are variable, such as utilities and groceries, it is important to average these expenses. Other expenses are periodic (such as insurance or vehicle registration). Calculate the annual amount of these expenses then divide by 12. Agreement for Counseling Services

Please read the following statements carefully. Initial the line next to each statement to indicate understanding. (The singular is used even when the plural may apply.)

_____ I understand the agency will provide a confidential personal money management, housing, and/or credit report consultation after which I will receive a written action plan consisting of recommendations for handling my finances, possibly including referrals to other services and agencies as appropriate.

_____ I understand that some of CCCS funding comes from voluntary contributions from creditors who participate in the Debt Management Plan (DMP). Since creditors have a financial interest in getting paid, most are willing to make a contribution to help fund CCCS. These contributions are usually calculated as a percentage of the payments I make through my DMP-up to fifteen percent (15%) of each payment received. However, my accounts with my creditors will always be credited with one hundred percent (100%) of the amount I pay. The absence of a creditor contribution will not affect CCCS' willingness to work with that creditor.

_____ I understand that if I opt to begin a DMP, my participation may affect my credit report and credit score, depending on my creditors' policies with respect to the DMP and my payment record prior to and during my participation in a DMP. A DMP could have a negative impact on a credit worthiness decision by a potential creditor, landlord or employer in the future. In addition, creditors may report that I am on a DMP and not paying as originally agreed although they have accepted a reduced payment. The agency has no responsibility or obligation for any past, present, or future credit rating I receive. The DMP will include my unsecured debt and may include certain secured debts.

_____ I understand that while a DMP may be an option available to me for debt repayment, it is not a suitable option for all clients. I understand my counselor will discuss all of my options to resolve my situation. I understand that receipt of financial counseling services does not automatically guarantee that I will participate in DMP services.

_____ I understand that, where permitted by state law, the establishment of a DMP will result in a DMP Education fee, requested prior to the implementation of the DMP, and a monthly administrative fee thereafter. I understand services provided are not contingent on payment of these fees.

_____ A counselor may answer questions and provide information about bankruptcy, but not give legal advice. If I want legal advice, I will be referred for appropriate assistance. While an attorney can make a recommendation to file bankruptcy, it is a personal choice based on individual circumstances.

_____ I may be referred to other services of the organization or another agency or agencies as appropriate that may be able to assist with particular concerns that have been identified. I understand I am not obligated to use any of the services offered to me.

_____ At some time in the future, my information may be used for confidential research and/or a neutral third party may contact me to request an evaluation of the agency's services.

_____ I understand that in the event I am dissatisfied, I can utilize the Complaint Resolution Process, a copy of which is available upon request.

_____ I understand that unless I choose to "opt-out", the agency will, if asked by my creditors, verify my appointment, as well as the date and results of that appointment. I further understand that I have the right to "opt-out" of having this information shared by calling the CCCS "opt-out" line (888-440-4663) as stated in the CCCS Privacy Policy.

_____ I authorize the agency to access my credit report for account verification and for confidential research in the future. I understand these reports being accessed will not have a detrimental affect on my credit score.
